

**Champion Gutter Guard** was designed through a collaboration of engineers and gutter installation experts. The result is a product our dealers love to install and homeowners who are highly satisfied with its performance. Micro-mesh technology has been thoroughly tested in the field for over ten years.

- Keeps out all debris
- Made from surgical-grade stainless steel mesh and a strong, durable, one-piece aluminum body
- Installs permanently to the gutter and fascia board, increasing the overall strength of the gutter system
- Permanently installs on all new or existing 5" and 6" gutters
- Installs at a slight forward slope to augment the shedding of debris
- Little to no maintenance required
- Lifetime 100% money-back, No-Clog guarantee
- Cost effective

**Permanently eliminate  
the need to clean your  
gutters**

## Don't be stuck with inferior technology...

Older technologies such as basic drop-in screens, hooded or helmet-style covers, perforated, slotted products or foam inserts are replete with problems:

- water overshooting the gutters
- debris entering and accumulating in the gutters
- potential access for rodent and insect infestation

An unprotected gutter will periodically fill with leaves, dirt, and various other types of debris which, left unattended, will create clogs and overflow.

The result leads to very costly repairs to your foundation, siding, basement, and landscaping just to name a few.

*The majority of water damage to any home is caused by clogged gutters.*  
**With Champion Gutter Guard, your gutters will never clog or require internal cleaning. Period.**

**Champion Gutter Guard is a highly durable, intelligently designed product.**

The holes in the Champion Gutter Guard mesh are small enough to keep out ALL debris including things as small as sand and shingle granules, yet large enough to allow unrestricted water flow without any overshooting of the gutter. In addition, pollen and other airborne organic material pass through the mesh and wash down the gutter. It will also prevent insects and other pests from entering the gutter system.

Gutter protection should be a one-time purchase and should perform as promised. Our dealers report few, if any "call backs" from customers. With Champion Gutter Guard, your gutters will never clog or require internal cleaning. Period.

100% manufactured in the USA
